Longview has 8 part time Paras along with additional math support for grades 1-6. Mrs. Lowry is our Math assistant working with the top 18-20 students in grades 3-6 four days per week. She is focusing on math language. This has been scheduled so that the students are not missing out on anything in class. All

White Ribbon Week has been great for tech safety.

Principal Te'o has recently implemented Restorative Practices in classrooms. This is a positive approach to behavior where children can voice their feelings and opinions in a group setting (group therapy). It has helped children to understand & recognize the feelings of others and reasons for their behavior. It is helping to unify classes & dissolve harmful behavior. The plan is to mesh this with PBIS.

A verbal defense program to teach children how to react to bullying was suggested. Principal Te'o said she will be implementing the *Bully Blockers* program. (Which will be implemented at elementary schools throughout the district.)

We now have a Student Advocate, Mrs. Oberhansly. She is helping students with severe behavioral problems & she has made a huge difference for the better.

Principal Te'o & teachers in the 1, 5-6 grades will be attending an upcoming 3 day institute focused on academics & behavior through the PLC (Professional Learning Communities) lens.

We need to get more involvement from parents. Any member of the community is welcome to attend CC mtgs.

Next Meeting: Monday, November 11, 2019 at 3:25 p.m. in the library.

ALL ARE WELCOME AND INVITED TO ATTEND!
